

Speed Reliability Support

" Value Hosting Australia is committed to providing competitively priced, industry leading web hosting services and tools, coupled with superior customer support "

Our Service

Since 1999, Value Hosting Australia has proudly hosted many business and personal websites on servers connected directly to the internet backbone via multiple fibre optic connections. This ensures that data reaches the end-user in the fastest and most efficient manner possible. We have servers located both in Australia and overseas for those clients targeting a global market. Our customer support system and user friendly web site hosting tools will ensure success in implementing, maintaining and building your internet presence.

Customer Support

Support at Value Hosting Australia isn't just extensive, it's excessive!

Customer satisfaction is extremely important to us. Our knowledgeable and helpful staff are eager to have your website online as soon as possible and to provide ongoing assistance. We offer support via phone, email, internet enabled chat, online manuals and our FAQ database. We also provide a discussion forum so that members can interact and help each other while being supported by our experienced staff.

We understand that customer support is one of the most important factors of our industry and we strive for a 100% satisfied customer on every level.

Domain Names

If you already own a domain name or would like to register one, our domain services are for you. We can transfer most domains to our servers and you can easily register:

.com.au .net.au .org.au .id.au .biz.au .info.au .com .net .org .biz .info

And still more to come!
